

FinanceDesk - Mukammal User Manual

Shift Closing, Day Closing, Party Ledgers & Multi-Account Management System

OFFICIAL GUIDE & WORKFLOW MANUAL | URDU & ENGLISH GUIDE | VERSION 1.0

Yeh software retail shops, agencies, wholesale stores aur daily cash-counter karobaron ke liye design kiya gaya hai. Iska maqsad subah aur sham ki cash counter sales, bank transfers, party accounts (Khata), aur daily cash box ko 100% transparent aur audit-proof banana hai.

[i] **NOTE:** Pura software Role-Based Access Control (Owner, Incharge, Cashier) par mushtamil hai aur har action ka Audit Log record hota hai.

[1] 1. Users, Roles & Permissions (Ikhtiyarat)

- **Owner (Malik / Administrator):** Pura system access. Naye users banana, edit karna, shifts ko unlock karna, band din ko reopen karna, aur mukammal Audit Trail dekhna.
- **Incharge (Manager / Supervisor):** Parties, Accounts aur Expense Categories setup karna. Cashiers ki shift closing check kar ke verify/lock karna aur Day Closing run karna.
- **Cashier (Counter Operator):** Sirf apni Morning ya Evening shift closing submit karna, counter sale note count karna, aur daily vouchers (Payment In/Out) enter karna.

Users Management me kaam karne ka tareeqa:

- **Add User:** Users & Roles page par jayein -> "Add New User" button dabayein -> Modal me Name, Email, Password, Role aur Status select kar ke Save karein.
- **Edit User:** Table me Pencil (Edit) icon dabayein -> Modal open hoga -> Details update karein aur Save Changes karein.
- **Toggle Status:** Power icon par click kar ke user ko foran Active ya Inactive karein.

[2] 2. Master Setup (Parties, Accounts & Categories)

A. Parties Directory (Khata & Ledgers)

Parties directory me un tamam logon ka record hota hai jin se karobar ka len den hai:

- **Supplier:** Woh companies ya distributors jin se maal khareeda jata hai aur unhe payments (Adaigi) karni hoti hai.
- **Trader:** Woh karobari dost jin se len-den dono taraf hota hai.
- **Staff:** Dukan ke mulazmeen jin ko peshgi (Advance), kharcha ya tankhwah ka hisab rakhna ho.
- **Customer:** Udhar maal lene wale grahak jin se paise wasool (Receivable) karne hain.
- **Party Kaise Banayein?:** Parties page par "Add New Party" modal kholein -> Name, Type, Phone, Address aur Opening Balance enter karein.

B. Payment Accounts Setup

- **Cash In Hand:** Counter ka main cash drawer ya tijori.
 - **Bank Accounts:** HBL, Meezan, Bank Alfalah waghera (Account No & Branch code ke sath).
 - **Digital Wallets:** EasyPaisa, JazzCash, Raast, POS Card Machine.
- Faida: Jab bhi koi transaction hoti hai, mutaliqa account ka live balance foran update ho jata hai.

C. Expense Categories

- **Kharchon Ki Aqsaam:** Chai / Pani, Bijli Bill, Dukan Kiraya, Safai, Stationery, Transport. Nayi category modal ke zariye 2 second me add hoti hai.

[3] 3. Shift Closing Module (Counter Shift Band Karna)

Har shift (Subah / Sham) ke ikhtitam par Cashier ko counter band karne ke liye yeh steps lene hain:

- **Step 1 - Shift Select Karein:** Date aur Shift Type muntakhab karein (Morning Shift ya Evening Shift).

- **Step 2 - Sale Figures:** POS software se nikalne wali Total Sale amount aur Invoices count enter karein.
- **Step 3 - Returns & Counter Expenses:** Agar counter se kisi grahak ko return cash diya ya chota kharcha (Chai/Pani) nikala gaya ho, toh woh amount likhein.
- **Step 4 - Physical Cash Denominations (Note Counter):** Drawer me mojud tamam notes ginein aur software me daalein:
 - * Rs. 5000 | Rs. 1000 | Rs. 500 | Rs. 100 | Rs. 50 | Rs. 20 | Rs. 10 | Coins
 - > Software khud ba khud physical cash ka grand total calculate karega.
- **Step 5 - Digital / Bank Payments:** Jo raqam customers ne Raast, QR Code ya Bank Transfer ke zariye ada ki, us Bank Account aur amount ko select karein.
- **Step 6 - Difference Calculation (Farq):** Software foran bata dega:
 - * Expected Cash Sale vs Actual Received Cash.
 - * Difference: Zero (Exact Match) | Positive (Ziada Cash) | Negative (Shortage / Cash Kammi).
- **Step 7 - Shift Lock:** Incharge ya Owner shift verify kar ke "Lock" kar deta hai takay koi data tabdeel na kiya ja sakay.

[4] 4. Daily Vouchers (Payments In & Payments Out)

A. Payment In (Raqam Wasool Hona):

- **Kab use karein?:** Jab kisi Customer ya Trader se udhar ki wasooli aaye, ya bank se drawer me cash nikala jaye.
- **Tareeqa:** Payments In/Out page -> Party select karein -> Receiving Account (Cash ya Bank) select karein -> Amount daal kar save karein. Khata aur account automatically update ho jayenge.

B. Payment Out (Raqam Ada Karna):

- **Kab use karein?:** Jab kisi Supplier ko check/cash ada kiya jaye, Staff ko advance diya jaye, ya dukan ka bara kharcha kiya jaye.
- **Tareeqa:** Party select karein (ya Direct Expense Category) -> Payment Source Account select karein -> Amount enter karein aur save karein.

C. Transfer Funds (Account to Account Transfer):

- **Kab use karein?:** Jab Bank se cash nikal kar Drawer me shamil karna ho, ya Counter Cash bank/wallet me jama karwana ho.
- **Tareeqa:** "Transfer Funds" button dabayein -> Transfer From (Source Account) aur Transfer To (Destination Account) select karein -> Amount enter kar ke 1-click me transfer karein. Dono accounts foran update ho jate hain.

[5] 5. Day Closing Module (Rozana Ki Complete Closing)

Din ke aakhir par (Raat ko) jab dono shifts mukammal ho jayein, Incharge ya Owner "Day Closing" page par jata hai:

- **1. Automated Opening Cash:** Pichlay din ka Closing Cash aaj ke din ka Opening Cash ban kar auto load hota hai.
- **2. Shift Merging:** Morning Shift Cash + Evening Shift Cash khud ba khud merge ho jate hain.
- **3. Direct Vouchers Addition:** Din bhar ki Payments In add hoti hain aur Payments Out / Expenses minus hote hain.
- **4. Final Cash in Drawer:** System Drawer me mojud hona chahiye aakhri cash calculate karta hai.
- **5. Shortage / Excess Audit:** Dono shifts ka kul farq (Difference) clear highlight hota hai.
- **6. Finalize & Close Day:** "Close Day" button dabane se din lock ho jata hai aur aglay din ke liye opening cash register ho jata hai.
- **7. Emergency Reopen:** Agar koi bhool chook ho jaye toh sirf Owner din ko "Reopen" kar sakta hai.

[6] 6. Ledgers & Reports (Khatay aur Tafseeli Reports)

- **Party Ledger (Khata Statement):** Kisi bhi party ka naam aur date range select karein -> Opening Balance, har transaction (Debit/Credit) aur Running Balance ke sath printable statement mil jati hai. Customer ko print ya PDF send karne ke liye tayyar.
- **Cash Book Register:** Rozana ka entry-wise cash flow: Subah kitna cash tha, shifts se kitna aya, expenses kitnay huay aur sham ko kitna cash bacha.
- **Bank Book Register:** Har bank aur digital wallet ka alag register. Kis tareekh ko kitne transfers aye aur kahan transfer huay.
- **Daily Closing Summary Report:** Boss / Owner ke liye 1-page executive summary jo print nikal kar dukan ke record me file ki ja sakti hai.
- **Discrepancy & Variance Audit:** Cashiers ki shortages aur excess ka tareekh-waar audit takay cash loss foran trace ho sakay.

[7] 7. Security, Audit Logs & Best Practices

- **Audit Trail:** System har ahem amal ko record karta hai: Kis user ne login kiya, kis ne shift lock/unlock ki, kis ne voucher delete kiya, aur kis IP address se kiya gaya.
- **Best Practices for Daily Operations::** Neeche diye gaye usoolon par pabandi se amal karein:
 1. Har shift ka cashier shift khatam hote hi foran notes count kar ke enter kare.
 2. Incharge shift check kar ke usi waqt "Lock" kare takay koi badalti na ho sake.
 3. Kisi bhi party ko adaigi ya wasooli direct voucher ke zariye record karein takay khata out na ho.
 4. Raat ko "Day Closing" zaroor mukammal karein takay aglay din ka opening balance theek transfer ho.
